Innovative and Customized Solutions for Your Space

Blending Functionality with Design

The Art of Customization

Transforming spaces with bespoke design solutions.

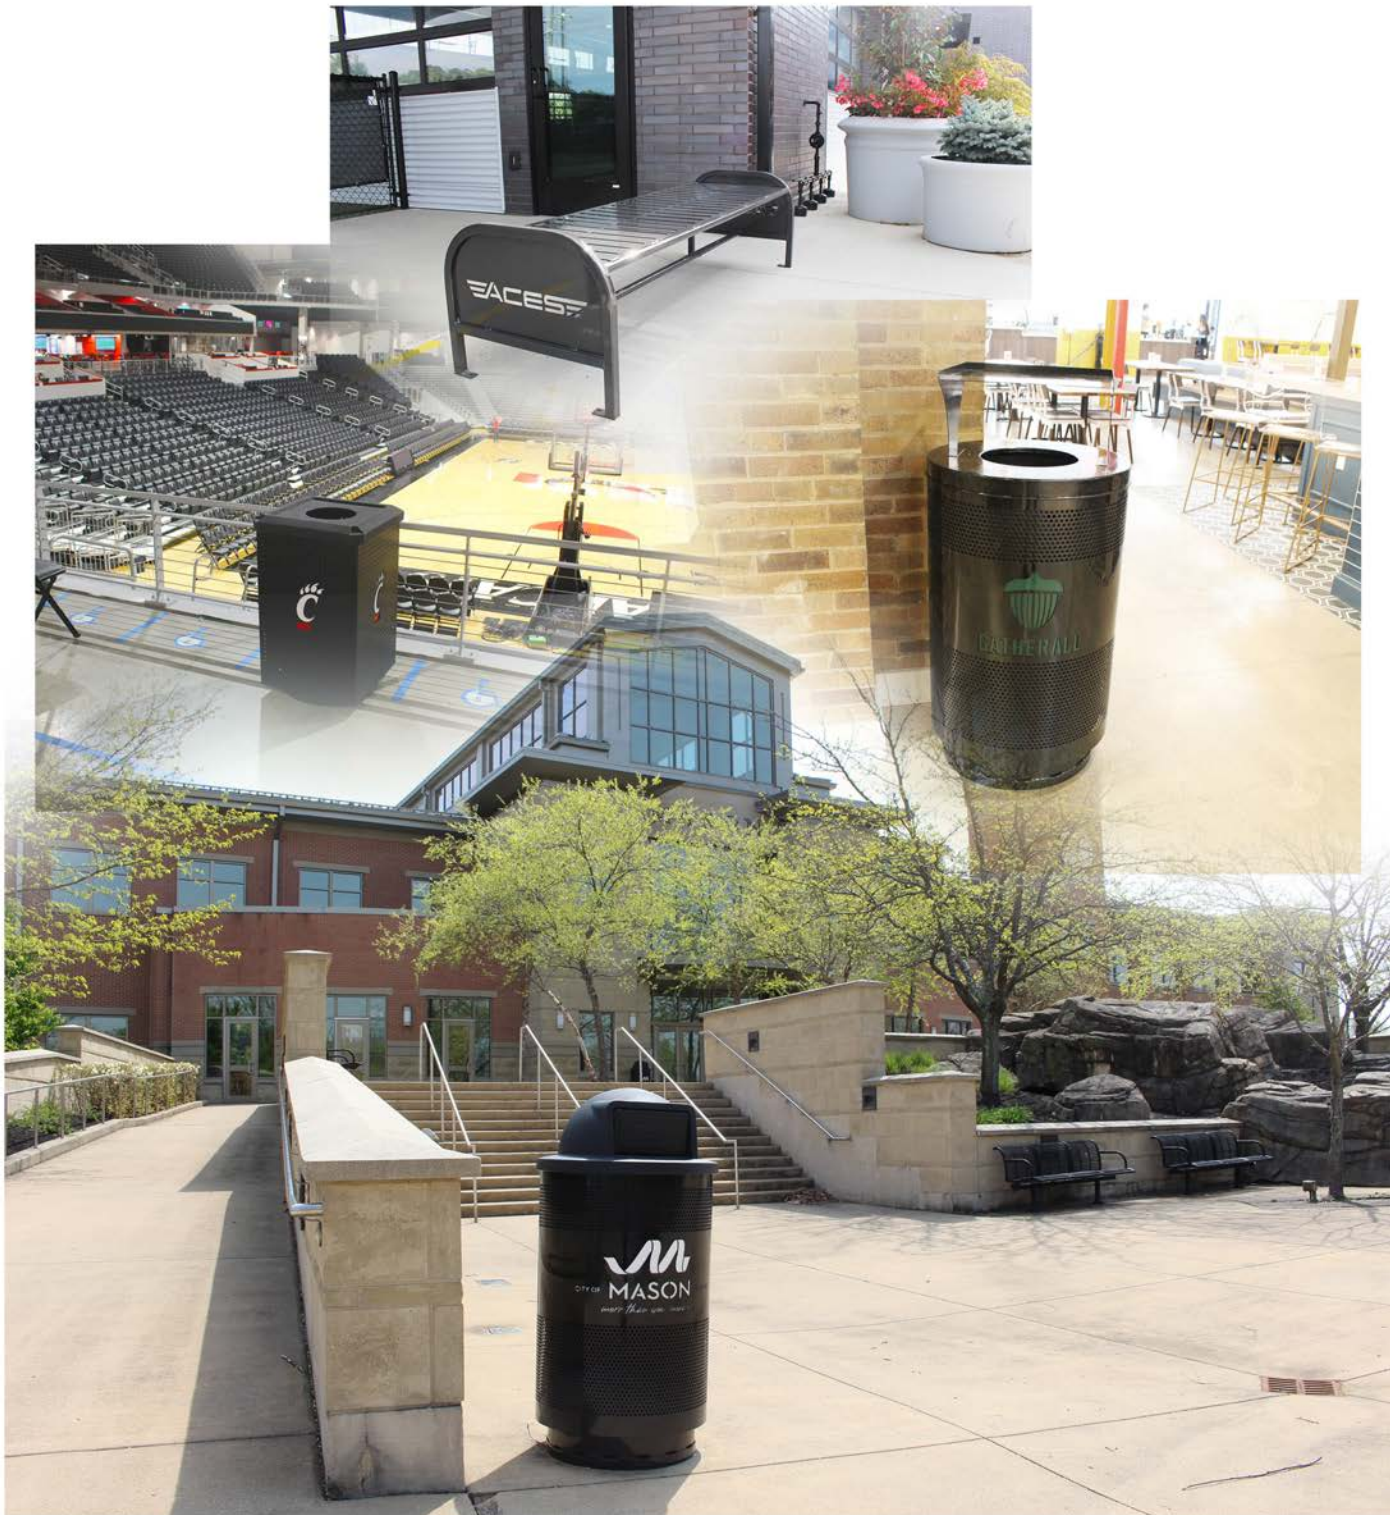

Elevate your design vision with Witt Custom waste receptacles – where functionality meets artistry.

Our customizable solutions empower architects and designers to seamlessly integrate waste management into their aesthetic narrative, transforming spaces into curated expressions of sophistication. Experience the fusion of form and function with Witt Custom, where every detail is a testament to your unique design sensibilities.

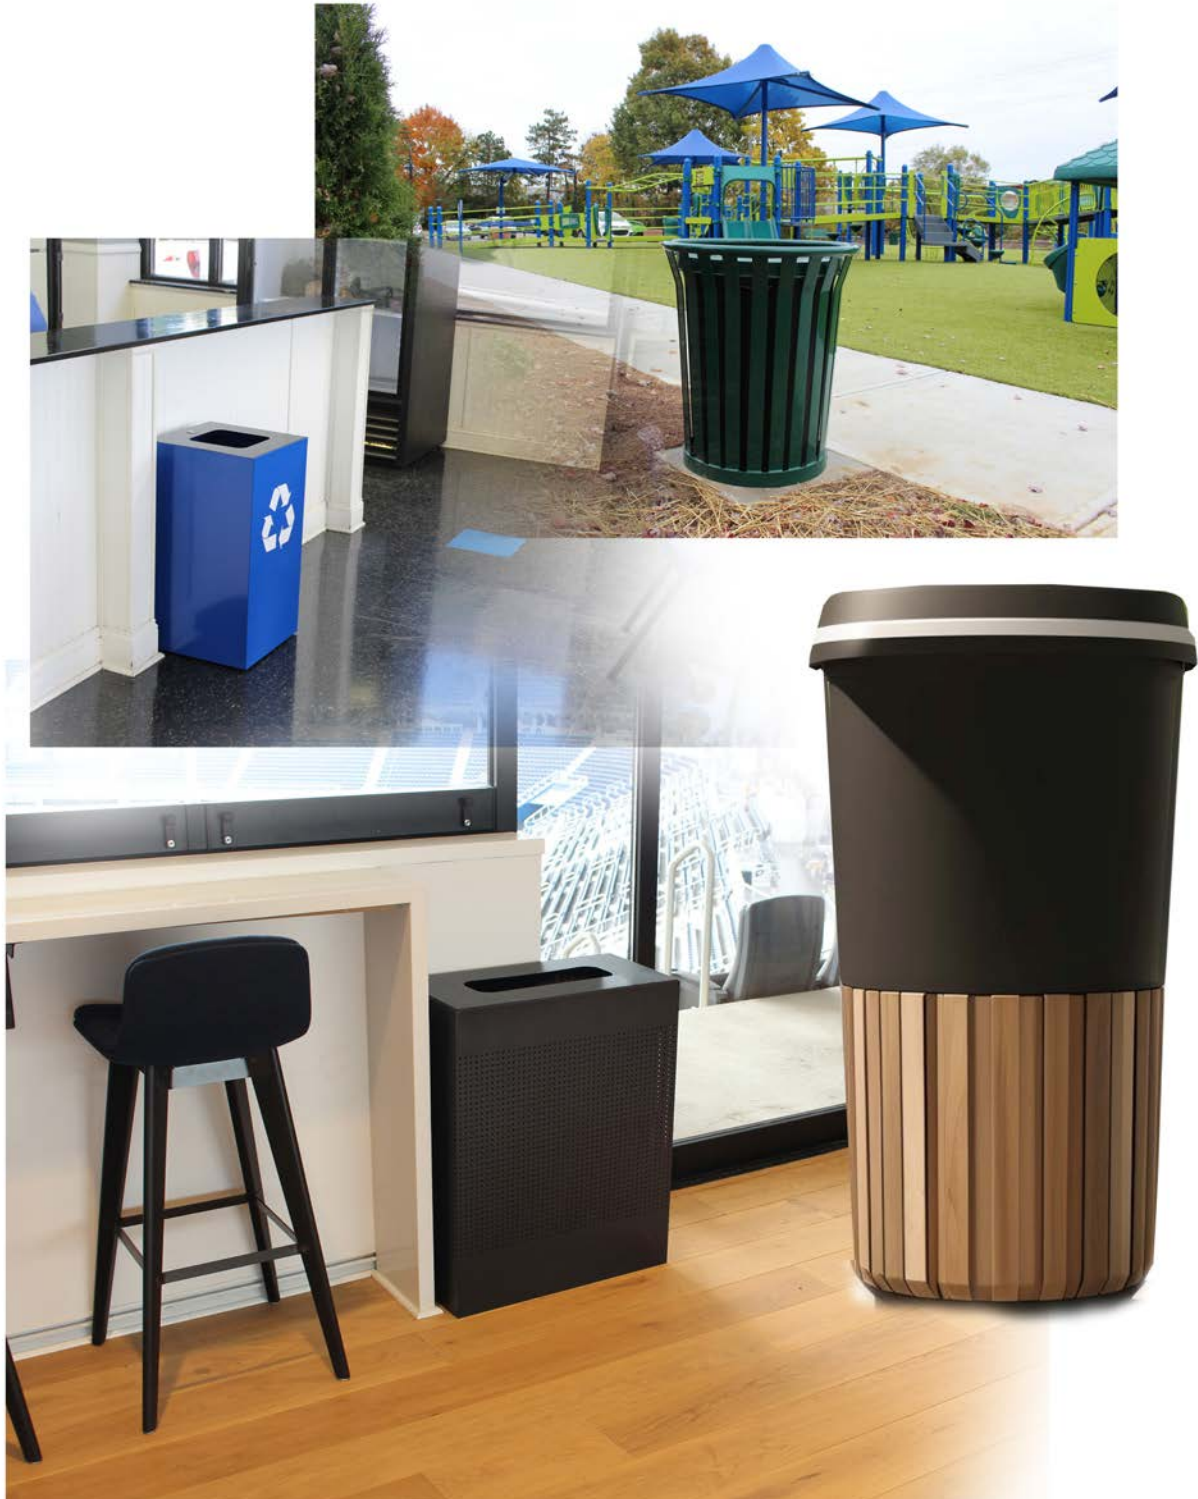

Custom Logo Receptacles

Amplify your brand identity with Witt Custom. Our tailor-made trash receptacles, recycling bins, and outdoor benches provide architects and designers the perfect canvas to showcase brand expression. Ideal for stadiums, universities, corporate headquarters, and more – make a lasting impact with Witt's custom logo products

Lasered Designs

Explore Witt Industries' versatile product line for design-centric solutions. From indoor waste receptacles to outdoor benches, our range complements professional, industrial, and commercial spaces. Addressing the demand for green alternatives, our high-quality recycling receptacles, crafted from recycled materials, showcase our commitment to sustainable design.

Customer Praise and Recommendations

“Our custom Witt receptacles are durable and fit the needs of our players, staff, and fans alike, all while looking great and furthering the FC Cincinnati brand.”

– FC Cincinnati, Professional Soccer Team

“The branded receptacles add to the sophistication of our distillery and our customer’s experience.”

– Dan Callaway, Vice President, Hospitality & Product Development, Bardstown Bourbon Company

“The Witt team was exceedingly easy to work with, and their branded receptacles met our program standards for durability and economy. The aesthetics of the final trash receptacles blend perfectly with the Idaho Central Credit Union Arena décor.”

– Guy Esser, Project Architect, University of Idaho
